We welcome July with a very fun addition to our program offerings here at MODS! We will now be offering an interactive projection system to our participants. This system is called *Obie* and offers dozens of interactive games and effects that encourage movement, improve mobility, counter cognitive decline, and connect our participants with each other, staff and volunteers! For more information feel free to check out their website: <https://www.eyeclick.com>. As always, please reach out to me with any questions, ideas or concerns! Wishing you all a wonderful month. ~ Steph

*To celebrate the beginning of summer we created flower crowns.
We used fresh flowers to create a crown to wear.*

Happy summer to all of you! We are enjoying this beautiful weather and will continue to venture outdoors. We had a blast with various sites last month. We visited the Japanese Cherry Garden at Normandale College and the Richfield Veterans Memorial Monuments just to name a few. We have a few upcoming outings scheduled. Please be sure to let us know your preferences as soon as possible.

New Participants

Last month welcomed four new participants. Please help us welcome Cassie L, Cindy S, Samuel A, and Perlina W. Thank you for being a part of MODS family! We appreciate all of you and will continue striving to make your experiences with us meaningful. Here's to another healthy month! ~ Allison

CONNECTIONS
